Software

Maya | Sublime Text | Mudbox | Houdini | Motion Builder | ZBrush | Photoshop | Microsoft Word, Excel, Powerpoint | Adobe Flash CS6 | Blender | Quixel

Education

Full Sail University

Winter Park, FL 32792

Bachelor of Science | Computer Animation

September 2013 – June 2015

- Courses directed toward animation fundamentals | Theories in both digital and traditional artistic backgrounds (2D and 3D)
- Concentrations: Art history, drawing, painting, sculpting, modeling, 2D/3D animation, rigging, Python/MEL/PyMel scripting, shading and lighting, motion capture, compositing, texturing, UV mapping
- Practice real-life industry work hours, heavy workloads under tight time constraints, collaborative teamwork, and professionalism
- Awards: Course Directors Award in Traditional Art 2 for a “stippling” drawing

Industry Experience

Theory Animation Apprenticeship

Animator/Rigger

Remote Apprenticeship

June 2015 – July 2015

I learned how to work within an industry pipeline through Skype meetings while also meeting project deadlines in the software, Blender.

House of Moves (Temporary)

Character/Facial Rigger

Los Angeles, California

August 2015 – November 2015

Working closely with the motion capture and animation team, I assisted in creating the facial rigs for the characters of Resident Evil 7.

Greg Bonner/Author (Freelance)

Illustrator

August 2016 – December 2016

Working with the author, Gregory Bonner, I created an illustration for the cover of his newest book, “The Antebellum of Savannah”. This illustration will be applied to the second edition of the book.

Lockheed Martin (Remote)

Multimedia Design Engineer

Albuquerque, New Mexico

(Remotely working from Home)

February 2017 – Present

Working as a 3D artist, I create high res and low res 3D models, UV maps, and baking out texture maps for assets in VR games. My role also includes minimal character/object rigging and making creative decisions. This position taught me how to work well in a team, as well as independently, as the position is “remote”.

Skills

Organization | Professionalism | Multitasking | Flexible | Self Motivated | Time Management Skills | Open Minded | Easily Adapt | Strong Communication | Problem Solver | Mechanical Ability | Dependable and Passionate | Team Player | Enthusiastic to Learn | Artistic Eye

Additional Experience

The Lodge Resort and Spa

Restaurant Bus

Cloudcroft, New Mexico

June 2011 – June 2013

Maintained the restaurant and customers’ needs by speaking with the customers, cleaning the restaurant and assisting my server.

Speedy Title Service MVD

Receptionist

Alamogordo, New Mexico

November 2012 – April 2013

Performed receptionist duties by utilizing a computer, handle transactions, answered phone calls, educated customers, and assisted in titling and registering vehicles.

The Rustic Café

Restaurant Server

Cloudcroft, New Mexico

June 2015 – August 2015

Maintained the restaurant and customer needs by serving/busing tables, cleaning, prep work, answering the phone, and also working as the cashier.

Alamogordo ENT

Medical Receptionist

Alamogordo, New Mexico

January 2016 – July 2016

Performed receptionist duties such as answering phone calls, scheduling appointments, educating customers and most importantly customer service.

Mi Cabanita

Restaurant Server

Cloudcroft, New Mexico

August 2016 – November 2016

Maintained the restaurant and customers’ needs by serving/busing tables, cleaning, stocking, answering the phone, taking orders, customer service and working as the cashier.

575-921-7917 | shannon2171995@gmail.com

Noisy Water Winery

Tasting Room Server

Cloudcroft, New Mexico

November 2016 – February 2017

Providing customer service while conducting wine servings, giving information/answering questions about the wine, working as a cashier, providing samples of food throughout the store, and gaining sales experience.

Extra-Curricular Activities

United Nations Climate Change Project

Artist/Contestant

Winter Park, Florida

July 2014 – August 2015

The project was hosted through Full Sail University and the Embassies of France. The projects created were intended to promote, raise awareness, and educate others about climate change through our own creativity. Categories included music, film, 2D or 3D art, and marketing. I was awarded first and second place for the traditional art category for doing a 2D animation short as well as 2 traditional drawings, and was also awarded to be a finalist for the final competition.
